

AMENDED

APPLICATION FOR PERMIT

Serial No. 6379

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office JAN 18 1921
Returned to applicant for correction JAN 18 1921
Corrected application filed MAR 8 1921

The undersigned Morton E. Pratt
Name of applicant.
of Dun Glen, County of Pershing,
State of Nevada, hereby makes application for
permission to appropriate the public waters of the State of Nevada,
as hereinafter stated. (If applicant is a corporation give date and
place of incorporation.)

1. The source of the proposed appropriation is from springs in the
Name of stream, lake, or other source.
Dun Glen Canon
2. The amount of water applied for is two second-feet.
One second-foot equals 40 miners' inches.
3. The water to be used for mining (milling) and domestic purposes.
Irrigation, power, mining, manufacturing, domestic, or other use.
4. The water is to be diverted from its source at the following
point: The S.W. $\frac{1}{4}$ of the S.E. $\frac{1}{4}$ of Section No. 2 of Township No. 33 North,
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section-corner. If on unsurveyed land it should be so stated.
of Range No. 36 East. M.D.B.M.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- (a) Number of acres to be irrigated is _____
- (b) Description of land to be irrigated _____
Describe by legal subdivision, or if on unsurveyed land it

should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

- (c) Irrigation will begin about _____ and end about _____
Month.
_____, of each year.
Month.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

- (d) Power to be developed is _____ horsepower.
- (e) Works to be located in the S.W. $\frac{1}{4}$ of the S.E. $\frac{1}{4}$ of Section No. 5,
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section-corner.
of Township No. 33 North, of Range No. 36 East. M.D.B.M.

- (f) Point of return of water to stream Not to be returned to the
Describe in same manner as point of diversion.

Dun Glen canon, but to the same water shed through the adjoining
canon to the north-west.

- (g) Remarks No water flows in the Dun Glen Canon except for a short
time in the spring of the year. The source of the water of this
application is from springs that will require development to pro-
duce the quantity of water applied for. At present there only
use is as a watering place for range stock.

DESCRIPTION OF PROPOSED WORKS

The work of developing the water at its source will be by tunnel

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water

in the bottom, and parallel to the course of, the canon. Drifts

is to be stored in reservoirs it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

across the course of the canon may be necessary. Diversion to be through pipe.

5. Estimated cost of works Nine Thousand Dollars.

6. Estimated time required to construct works Two years.

7. Remarks Because of the necessity of developing the water at its

For use of applicant.

source, two years time is estimated as required.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source. It is understood that the 2.0 cubic feet of water per second herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. Provision must be made for the installation of a measuring device and accurate measurements of the water placed to a beneficial use must be included in the proof of beneficial use when filed. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that the applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed .2.0 cubic feet per second.

Actual construction work shall begin on or before July 24, 1923.

Proof of commencement of work shall be filed before August 24, 1923.

Work must be prosecuted with reasonable diligence and be completed on or before July 24, 1925.

Proof of completion of work shall be filed before August 24, 1925.

Application of water to beneficial use shall be made on or before October 24, 1926.

Proof of the application of water to beneficial use must be filed with State Engineer on or before November 24, 1924.

WITNESS MY HAND AND SEAL this 24th day

of March, 1923.

John A. Allen
State Engineer.
